TIN TIE (FOR PLACEMENT ONLY)

Cut Tolerance

To account for our cut tolerance, we recommend the design match at the top and bottom of bag.

Trim

Where the bag will be cut.

Bleed

To account for our tolerance, any color or graphics that stop at the fold, must extend 1/16" onto the side panels.

Safe Area

Important text and graphics must remain inside the green lines to avoid being trimmed or folded.

Heat Seal

Ink can print in the heat seal areas but color variation can occur.

Before starting your design, click or scan the QR code below to review the Artwork Setup Guide for Roastar's artwork requirements.
